

GREATER HUNTSVILLE SECTION

Recipient of the 2023 Robert L. Sackheim Engineering, Science, & Math Scholarship

The recipient of the 2023 Robert L. Sackheim Engineering, Science, & Math Scholarship is Jordan Holland. The \$1000 scholarship is given in memory of Bob Sackheim, an industry giant and a former AIAA Greater Huntsville Section Chair. The Sackheim Scholarship promotes careers in the aerospace industry by encouraging students to pursue related engineering or science degrees.

There are many well-qualified candidates who apply for this scholarship each year. All applications are thoroughly reviewed by a panel of judges from our AIAA GHS membership. We commend each of the applicants for their academic achievements and wish them the best in their future endeavors.

We would also like to thank our scholarship judges for their time and effort.

2023 recipient: Jordan Holland

Jordan Holland, a 2023 graduate of Briarwood Christian High School in Birmingham, Alabama, has maintained a 4.65 GPA while participating in Briarwood's Wind Ensemble, Jazz Band, Marching Band, and the band for the school's show choir. She has been the trumpet section leader for the past two years, and she is vice president of the Physics Club. Additionally, she is a member of the Debate Club, Tutoring Club, National Honor Society, National Spanish Honor Society, and Mu Alpha Theta. She has volunteered at Leeds Outreach since her freshman year of high school and has worked as a grocery associate at Publix since June of 2022.

Ms. Holland plans to attend Auburn University to pursue a degree in aerospace engineering, and she aspires to have a career in aeronautical defense.

Congratulations to Ms. Holland! We wish her great success at Auburn!

Kind regards,

*Robin Osborne
